Variations to plan

Out of house arrangement:

Upon hearing the fire alarm, evacuate via the nearest exit and make your way to the assembly point. Dial 999 for the fire brigade. Do not make your way back into the building or collect personal belongings.

School events

Should an evacuation be needed during other times (after school clubs, evening events, weekend events etc.) The adults in charge of the activity are responsible for evacuating participants safely and the fire service is called. The fire brigade **MUST** be made aware of any missing persons.

Hires of the school building

The school is not available for hire

If the school is being used by an external body out of hours, it will be the responsibility of the person in charge to maintain all roles in ensuring participants are evacuated safely and the fire service is called.

Evacuation procedures are made clear to the external body at the time of booking. A copy of the evacuation plan is also provided.

Back up arrangements

In the event the fire alarm system is no-operational in any way, all staff will be made aware and back up arrangements implemented. A whistle is held at the reception and will be used to inform staff of evacuation. The person locating the fire will get a message to the reception so that the whistle can be blown continuously throughout the school (if safe to do so). All staff will ensure they inform staff/students as they evacuate the school.

Alternative arrangements will be made to cover staff absences/ leave etc to ensure there are always a sufficient number of trained staff available on site
